CHAUTAUQUA PROPOSITION ON A BALANCE

The proposition of Dothan having another chautauqua now hangs on a balance stated Secretary Biggers of the Southeast Alabama Chautauqua Association this morning. The matter now depends entirely on the sale of tickets that are being offered about the city and if the people fail to come to the aid of the association the matter will be dropped and the proposition will be called off.

A mass meeting was held several weeks ago for the purpose of seeing if the same interest manifested here at the close of the assembly of last spring and the association was impressed that it still existed but they fail to buy the tickets at present, and it is this fact that causes discouragement. Over \$600 worth of tickets have been sold, but this does not come up to the association.

Several thousand dollars have been subscribed toward the erection of an auditorium in which the assemblies will be held but the proposition now hangs on a balance as to whether or not another assembly will be held here this spring, as the citizens fail to buy the tickets as readily as was expected.

The chautauqua assembly brings probably more people to this city for such a length of time than any other method or device and is an enlightening and uplifting series of attractions enjoyable to all classes of people at all ages.

The association will do all in their power to get the assembly for Dothan and to have in the handsome new assembly auditorium.

CARD OF THANKS.

We wish to thank each and every one of our friends for their kindness shown during the long sickness of Mrs. Carroll, while at our home. Their kindness will long be remembered.

Mr. and Mrs. D. J. Atkins.

J. R. McCarty made a business trip down the Central today.

NOTICE TO LYCEUM TICKET HOLDERS

Owing to the re-arrangements of the seats in the Elite Theatre it will be necessary to issue new tickets. This will be done, commencing at 9 o'clock on the morning of the 17th of this month. Every ticket holder is requested to bring old tickets and get new ones.

FOUR TOWNS

Following is how the Albany Herald places four of the South Georgia towns, or rather, that is the way the census report fixes them:

Albany 8,190.
Americus 8,063.
Valdosta 7,656.
Thomasville 6,727.

Some of the people of Dothan had feared that Valdosta would walk off with Dothan, but she has done nothing of the kind. It is true, that the census enumerators found a few more people there, but not enough more to brag about. We have a good deal the most by this time, for ten years ago Valdosta had 5,613. Her gain was nothing to compare with Dothan's from 3,200 to 7,100.

SMITH GIVEN 12 MONTHS.

Mack Smith the white man arrested several days ago on a vagrancy charge by the bailiff in beat four was tried in the justice court of C. B. Register and given 12 months hard labor for the county.

He was called for today by the transfer agent of the Tennessee Coal and Iron Co., of Birmingham and was taken to Ensley for work.

DELINQUENT TAX ASSESSMENT NOTICE.

Notice is hereby given that your assessment for 1911 is delinquent and unless property is returned for assessment by February 1, 10 per cent penalty will be added according to Section 2117 of the Revenue Code.

W. M. RHODES,
Tax Assessor, Houston County, Alabama.

SHERIFF AND JUDGE HAVE THREE DAYS

Just three more days will pass and then two of the county's leading officials, Judge George Leslie and Sheriff T. W. Butler, will exit.

Judge Leslie was defeated by A. C. Crawford in the recent primary and according to the State laws Sheriff Butler could not succeed himself for his office. Mr. Butler will go back to the farm, and the Judge will remain in Dothan but will likely retire for the the spring and summer.

As a result of a hard fought political battle, A. C. Crawford will step into the judge's stand and Ben O. Hay will go in to the sheriff's office. The change will be made Monday.

CICERONIAN NOTES.

The Ciceronians met Monday, January the 9, in their chapel and carried out the regular program. The subject for debate was resolved that Houston county should give \$23,000 for the improvement of roads in Houston county. The negative won, and Tom Espy made the best speech.

As it was time to elect officers for another month, the following were elected: Tom Espy, Vice-President; Mary Bea Pittman, Secretary; Annie Laurie Harris, Censor; A. C. Crawford, Sergeant at Arms.

We elected the following to represent our society in the public contest about the 17th, of March: Eldridge Melton and Meyer Blumberg, debaters; Helen Smith and Mary C. Newton, readers; and Tom Espy, the declaimer.

There being no further business we adjourned to meet Monday, January 16th.

Coy Hatten,
Etta Whiddon,
Press Committee.

EUBANKS-CANNON.

A marriage license was issued today from the probate office for Mr. G. L. Eubanks and Miss Ada Cannon both of this city.

COAST LINE WRECK TIES UP TRAFFIC

A wreck this morning on the Coast Line road tied up the traffic between here and Montgomery and although no one was injured, the damage is said to be considerable.

Several box cars on a freight jumped the track at Ewell this morning, and the track has not yet been cleared. A wrecking crew was called out from Dothan, and is at work on the debris.

Train 180 was not expected to arrive in the city until late this afternoon and train 189 was forced to wait at the wreck, thus delaying all passenger, as well as freight traffic on this division.

COUNCIL WILL MEET TO RECEIVE PETITION

President of the Council Watford has called a meeting of the city council for tonight to receive the petition of the committee appointed at the mass meeting of Tuesday night to ask the body to act as a head through which the committee on the free dispensary can work.

Messrs. M. S. Davis, L. G. Biggers and G. F. Bell have been appointed to go before the council asking them to act as a head or center through which the committee, which is to have charge of the free dispensary for the treatment of hookworm subjects, can work.

THE WEATHER

Fair in south; rain and colder in north portion tonight and Saturday.

Dr. Frank Dixon's lectures are of rare merit and delivered with rare eloquence—don't fail to hear him next Wednesday night.

"THE AS YOU LIKE IT CLUB."

Mrs. J. H. Jones delightfully entertained the "As You Like It Club" at her spacious home on West Main Street, Thursday afternoon.

The day was an ideal one for such a pleasant affair. One was conscious of the winter time only in the touch of holly in the decorations.

Mrs. E. O. Jones and Mrs. Calvin graciously presided at the punch bowl, in the hall. Nine tables were arranged in the commodious parlor and dining room. Several guests being present besides the regular club members. After the games of "Nations" Mrs. Jones was assisted in serving most delicious refreshments in two courses, by Mrs. Charles Roland, Mrs. E. O. Jones and Mrs. Calvin.

This meeting was the first affair of the past holiday season, and was thoroughly enjoyed by all who were fortunate in being the guests of Mrs. Jones.

The corpse of J. J. Williams an aged resident of Monroeville, La., who was killed there by a street car in that city on January 11th was brought through Dothan today on the way to Slocomb where interment will be made.

None of the particulars could be learned here. The casket was consigned to J. T. Williams of Slocomb.

The bride, before her marriage, was Mrs. Linn Melman, and although she was originally from Augusta, has made Dothan her home for the past year. She was connected with the Farmer Wholesale Company for many months.

The couple have made many friends in this city during their stay here, who wish them all happiness.

GOT THE WRONG COW

Oscar Green sold Bert Fordham a cow the other day. She was in Oscar's lot, and the went up and looked at her.

Yesterday, Bert sent for the cow, but the boy got in the wrong lot and drove out the wrong cow. The boy turned out and drove off Mr. J. L. Crawford's cow, \$100 cow, and never knew the difference till five miles in the country, where the cow gave out and had to be left. The night at milking time last night the mistake was discovered, and some telephoning brought matters straight saying Bert the difference between a \$17.50 beef cow and one of the fancy town milk cows.

MISS DOUGLAS ENTERS

COLD AS A HAIR TONIC

The latest "universal hair grower" discovered is a trip to the Arctic regions, or failing time and inclination for that, employment in a cold storage company. According to Sir Earnest Shackleton, the Antarctic explorer, extreme cold is one of the best means of strengthening the hair.

In the course of an interview recently Sir Earnest said: "All of the men who went with me on the south pole expedition with one or two exceptions possessed stronger crops of hair on their return to civilization."

"Extreme cold undoubtedly strengthens one's hair. As our party approached nearer the south pole our hair grew more slowly, but became thicker and stronger."

An Official of a London cold storage company, interviewed on the same subject, stated that there was not a baldheaded man in the employ of the company. He said that the men worked all day in a temperature of 20 degrees of frost and the cold undoubtedly made their hair thicker.

The Way of Modern Society.

Mother, we simply can't have that horrible Mrs. Westley at our musicale. She is impossible," said the girl, according to the Chicago Record Herald. "She has the manners of a cowgirl, and she never goes anywhere without insulting somebody."

"I know she is a very vulgar person, but we can't get along without her."

"I don't see why."

"Well, look over the list of women who are coming. There isn't one of them who doesn't size up a draving roomful of ladies by the clothes they wear. To make the affair a success we must have the best dressed women in town, and Mrs. Westley's gowns are always the finest that money can buy."

"I hadn't thought of that. Pshaw! I wish her husband would loose his money, so she couldn't dress so well."

Politics has but two sides: The ins and outs.

The governor's message took up a good deal of space, and several people have read it through, besides the proofreader.

Robinovitch slipped his name off on the rear end, when he got into the banking business but the way located him just the same.

If they keep messing around with Brooks Lawrence, he will get mad and quit. His work is not appreciated in some quarters of Alabama.

It doesn't take the people of America long to get on to the use of some new invention. They soon become accustomed to it, and use it as if it had been with them all the time.

The old bachelors and old maids can give wholesome advice to parents about how to raise children. Likewise, parents can give advice to old maids and bachelors about getting married.

The members of the legislature who haven't been up there before can now see what a falsey it all is, about being such a great deliberative body. It won't be a week before they will have the swing of the older members.

It is the hardest matter in the world for the people of this country to keep tab on Hon. Nat Goodwin. The don't know whether it is the sixth or seventh time that he has been divorced, and they can never tell whether he is about to be married, or unmarried.

It will be a pleasure and relief to the management of the city schools when the high school building is finished and turned over to them. They are badly in need of the room. Judge Crawford thinks they will be able to use the building within ten days or two weeks.

Young Jesse James, son of the old man so many western people were acquainted with twenty-five years ago, has divorced his wife, or rather, she sued him for a divorce and got it, with the four children and \$100 a month alimony. If it were not for the little family row of great men like this, we would forget them.

Dothan continues to be the biggest town in its size in Alabama. The census director seems to think that we had but a little over seven thousand people, but every body else knows that we have more. We have all of the business usually found in towns of ten and twelve thousand people. The main reason for this is that we have five people. They are looking for the best interest of the town, talking for the town, and working for the town.

There is no use for one to buck the stock markets in this country as long as they have an opportunity to buy real estate in Dothan and Houston county. This kind of investment is good enough to cause money to double as fast as any method known to science.

Look and See

You probably are laboring under the impression that you have your poll tax in your safe, or your trunk, among other valuable papers. You better look and see. You might have forgotten it. You know this receipt is a separate affair now, and you no longer get it on the tax receipt.

It is very likely that you have it somewhere, but take no chances, for as this month wears out, your chances of paying goes out.

The reason you will need this

poll tax receipt and need it might be, is because we are not through with our politics. There will be some important measure to be voted upon later long, say before the leaves come out, and the blue birds find a nest.

You know how you needed that receipt last year. Well, you will want this one just as badly.

The money from this goes into the county school fund anyway, and you should pay it for that purpose, if no other.

Give it Your Support.

This the time to give the South-east Alabama Chautauqua Association your support. To secure the attractions, the tickets must be bargained for now. Contracts must be made now with the attractions, and the tickets must be sold, even though they don't have to be paid for yet. The management up.

Chautauqua cannot assume that it will be alright, and contract with attractions. They need something to lead to put it in a business's lap.

We believe that everybody that attended the Chautauqua here last year got their money's worth. We will have better attractions this year, because we are starting earlier, and we know more about it.

This is a form of amusement that comes off at a season of the year, and at such times of the day and week that all can go. It is a crowd puller, for great crowds came last year from the adjoining towns, and of course, this being a good market those people bought things of the merchants here.

The well managed Chautauqua, with care in selecting the attractions, is an educational movement that no town can afford to pass up.

HOUSEWIVES

Do you want to know about a wonderful new time, health and money-saving kitchen convenience?

Then you should see the complete line of "1892" Pure Spun Aluminum Cooking Utensils now on exhibition at your dealers.

This ware is guaranteed by the makers for 25 years. It is absolutely pure, wholesome and thoroughly hygienic, will not crack, scale, peel, break, rust, tarnish, scorch or burn.

It is light weight, easy to handle and easy to clean; makes kitchen work a delight instead of drudgery; saves your money, time, fuel; protects your health against metal poisoning and serious troubles resulting from chipping of small particles into the food, which is one of the dangers from the use of the old style enameled wares.

You buy patent carpet sweepers, egg-beaters, dish-washers, clothes-wringers and many other time and labor saving conveniences, but there is nothing that will prove a greater practical household blessing than the "1892" Pure Spun Aluminum Ware.

Lose no time in seeing for yourself what it will do. Your money back if this ware fails to do what is claimed for it.
